

## **Announcing the rebirth of TandemTV...well not exactly**

Carr Scott Software are taking the lead and hoping to start a movement to capture our collective favorite memories of Tandem Computers as well as tips, tricks and techniques from the HP NonStop server community.

For the lack of a better name, were are calling this project...TandemTV

- Why - We're not getting any younger!
- What - Preserve and share:
  - Tandem memories  
Favorite stories, etc. about 'the good old days'
  - Tips, tricks and techniques  
Things you've found helpful that others should know
  - Product reviews or other things of interest  
Again, let others benefit from your experience
- Where – On [YouTube](#) for everyone to enjoy!
